# HORTICULTURE DIVISION

## RULES FOR HORTICULTURE EXHIBITORS

1. All classes are open to all daffodil growers except where specified.
2. Exhibitors are asked to register upon arrival at the show. All entry tags and labels will be provided. Both the top and bottom of the entry card must be fully filled in. **Registration closes Wednesday, April 5 at 9:00 am.**
3. Entries will be accepted from 1:00 pm - 6:00 pm, Tuesday, April 4 and from 7:00 am – 9:30 am on Wednesday, April 5, 2017. All entries must remain in place until Thursday, April 6 at 1:00 pm.
4. **Judging will begin at 10:15 am on Wednesday, April 5.** The show area will be clear of all persons except show officials, judges and clerks until the show opens to the public.
5. Horticulture judges may not enter any class that they have been assigned to judge.
6. Information on an entry tag, including the exhibitor's number, which could compromise anonymity must be concealed. Name labels or rubber stamp are encouraged.
7. The exhibitor must have grown all standard blooms in the open. Miniatures may have been grown in protected areas.
8. Exhibitors may make up to three entries in each class for single stems or three of one variety provided that each is a different cultivar or species. Exhibitors may make only one entry in collection classes, including all classes in Section A.
9. All cut daffodil specimens will be shown without daffodil foliage. Greenery will be provided for staging blooms. **All collections of five or more stems must be exhibited in separate containers.** Containers will be provided for all horticultural entries and will be clearly marked in the staging area.
10. The Garden Club of Virginia Club Collections must be entered in the name of the member club.

11. Each stem in an exhibit receiving an ADS Award must score 90 or more by the ADS scale of points.
12. Only one first, one second, and one third award will be given in each class. Honorable mention awards may also be given, but only if all higher awards are given. If a blue ribbon has been awarded in a class eligible for an ADS ribbon, the ADS award may not be withheld.
13. First, second, third and honorable mention awards may be withheld by judges if, in their opinion, the exhibit is not worthy.
14. The Best Bloom is chosen only from Blue Ribbon Winners, with the exception of an outstanding horticulture specimen exhibited in a non-blue ribbon, multi-stem class.
15. When selecting the Best Bloom, all horticultural judges must be present. Selection is made by ballot.
16. Exhibitors are responsible for proper name or number. Divisions and color codes are required in all classes except only division is required in Section B, Classes 17 through 19, 21, and Section I, 198-201 and as specified where required. The Royal Horticulture Society System of classification will be used. The authorities are *Daffodils to Show and Grow* (latest printing), and [www.daffseek.org](http://www.daffseek.org), which will be available for reference. Entries that are incorrectly named will not be judged.
17. The originator's name MUST appear on the label for each stem in the American-bred classes, except for seedlings shown by the originator.
18. No label may be changed except by the Show Chairman or Classification Chairman in the case of placement error. No bloom may be altered, added, substituted or removed after the judging has begun or after an award has been placed.

## **Miniatures**

19. Miniature daffodils may be shown only in classes for miniatures. A miniature daffodil is any cultivar or species on the current ADS Approved List of Miniatures. Also, any named or numbered daffodil which appears graceful, with all its parts proportionately small, may be exhibited in miniature classes and is eligible for all ADS awards, except only numbered seedlings shown by the originator are eligible for the ADS Miniature Rose Ribbon. The judges may decline to judge any exhibit containing an unapproved miniature that they consider too large for these classes.

## **Seedlings**

20. Blooms of seedlings may be exhibited in all classes for named cultivars, provided they are identified by a number and classification assigned by the originator. If an exhibitor is not the originator, the originator's name must be included on each label. The originator of a daffodil is the person who first flowers the bulb, regardless of who made the cross and/or first planted the seed. Only seedlings shown by the originator are eligible for the Rose or the Miniature Rose Ribbons.

## **Miscellaneous**

21. The Show Committee reserves the right to subdivide classes by cultivar or color code when there are three or more worthy exhibits of the same cultivar or color code and if at least three worthy exhibits are left in the class. Species may be subdivided by their botanical sections.
22. All judges shall follow the rules and terms for judging as set forth in the Garden Club of Virginia Flower Shows Handbook at [www.gcvirginia.org](http://www.gcvirginia.org), and the American Daffodil Society's *Handbook for Growing, Exhibiting and Judging Daffodils* 2007 edition.

23. The decision of the judges is final. If an error is discovered in an exhibit after completion of judging, any award placed thereon (ADS, Special or Ribbon) shall be forfeited by the exhibitor. If an error is discovered BEFORE the judging is completed, the class MUST be re-judged.

# ARTISTIC DIVISION

## ARTISTIC DESIGN RULES

1. The Schedule is known as "The Law of the Show."
2. Except in Inter Club arrangements, which are entered in the name of the club, one person must execute each entry.
3. An exhibitor may enter as many classes as desired, but is restricted to one entry per class.
4. Designs will be judged according to the GCV Flower Shows Handbook found at [www.gcvirginia.org](http://www.gcvirginia.org) under Flower Shows.
5. Flowers of the theme show must predominate in all designs, i.e. **daffodil**, lily, or rose, unless otherwise specified by the schedule.
6. Plants on the Endangered Species list may be used only if grown in exhibitor's garden and should be noted on the plant material card.
7. The use of commercially grown flowers is discouraged. Seasonal flowers are preferred.
8. Designs must include some fresh plant material. All exhibitors must ensure the freshness of their arrangements during the show.
9. Artificial flowers, foliage, and fruit are not permitted.
10. Treating fresh plant material by application of substances such as paints, dyes, etc. is not permitted. Plants may be clipped, stripped, bent, or otherwise manipulated.
11. Living creatures are not permitted.
12. **The following are permitted, unless prohibited by the schedule:**
  - a. Accessories
  - b. Bases
  - c. Contrived flowers and/or forms made of fresh or dried plant material
  - d. Cut fruit or vegetables sealed in some manner to discourage insects
  - e. Objects that add interest when tastefully used, e.g., nests, feathers, coral, sponges, sea fans, starfish, antlers, etc.
  - f. Container-grown plants growing in soil as part of Pot-et-Fleur or other appropriate classes
  - g. Dried and/or treated plant material
  - h. Drapery
  - i. Cards of Intent (3x5 inches)

13. No part of an arrangement placed on a pedestal may extend horizontally more than 6" on left or right of the pedestal, regardless of the position it is placed on the pedestal.
14. There are several types of backdrops used in the flower shows. None of them may be used on a pedestal. No flower material may touch the sides, back, or roof if present.
  - a. A backboard is a two dimensional surface against which an arrangement is to be seen. Unless specified otherwise by the schedule, it is to be considered a neutral backdrop like a wall, and the arrangement will not be judged in proportion to the size of the backdrop. However, if an arranger modifies the backboard with drapery, overlays, or underlays, the arrangement is judged in proportion to the size of the backdrop.
  - b. A trifold is similar to a backboard, and the above descriptions apply, but wings are attached to both sides. These may be opened at an angle or placed at right angles to the back. The schedule states the permitted dimension of the arrangements, which may include a height restriction.
  - c. A niche is constructed with a back, roof and fixed sides. The dimensions of the structure are provided in the schedule.

## ARTISTIC PROCEDURES

1. All artistic entries must be pre-registered with the show Registration Chairman.
2. Check in at Registration desk upon arrival at the show.
3. GCV exhibitor entry cards will be filled out completely, both top and bottom portions, by the Registration Chairman. They will be given to the Registrant at show check-in.
4. The exhibitor must check the name and address on both portions. Make sure that there is a mark on the entry card if you are a **GCV member** and/or if you are a **novice**. (A novice is one who has not won a Blue ribbon in a GCV Flower Show.)

5. Make arrangements for Container Return upon arrival. All containers and accessories must be plainly marked with exhibitor's name and address. Instructions for shipping should be made and a fee paid if the container is not to be claimed at the end of the show. The use of containers with a value greater than \$200 is discouraged.
6. Check Show Schedule regarding whether or not arranging is permitted on the showroom floor.
7. Upon completion of design, complete a 3x5 inch card listing plant material, noting "G" for garden grown or "F" for florist. A Pot-et-Fleur must include "R" for rooted material or "C" for cut material.
8. Notify a member of the Passing Committee when an exhibit is ready to be passed. The Passing Committee may disqualify arrangements that do not meet the schedule requirements, in consultation with the GCV Flower Shows Chairman and/or the GCV Judges Chairman.
9. The Passer will check exhibitor entry card for accuracy and completion.
10. The Passer will determine that the arrangement complies with the schedule and that the above-mentioned cards are in place before passing.
11. **The exhibitor will remain in the exhibit area until the exhibit is passed.**
12. Except for watering and/or removal of dead flowers, the exhibitor may not touch the exhibit after it is passed.
13. Exhibitors are urged to show caution when placing their arrangements and when viewing the show. As a courtesy to other exhibitors, they must stay a safe distance from neighboring arrangements.
14. Exhibitors are asked to please leave the showroom floor immediately after their arrangement has been passed.

## ARTISTIC SCHEDULE OF CLASSES

### Corresponding Missions

The Newport News Public Art Foundation places monumental-scale works of art in public spaces for citizens to enjoy as they drive or walk through the city or visit parks and institutions. The NNPAF has installed 19 sculptures in varying venues, featuring a wide variety of styles, from realistic to abstract, traditional to contemporary. The NNPAF provides outreach and educational programs to encourage the public to engage with the sculptures and appreciate their artistic value to the City of Newport News.

Their mission parallels that of the Garden Club of Virginia in several aspects: The GCV strives to celebrate the beauty of the land, conserve the gifts of nature, and restore and preserve historic gardens and landscapes. Like the NNPAF, GCV projects are open and accessible to the public, and the GCV reaches out to educate and involve Virginians in conservation and horticulture.

*For more information on the Newport News Public Art Foundation and to find inspiration for the class designs, visit [www.nnpaf.org](http://www.nnpaf.org) to take a virtual tour of the sculptures and discover the artist's vision for each.*

# PHOTOGRAPHY DIVISION

## PHOTOGRAPHY DESIGN RULES

1. The photography division is open to all GCV and ADS members.
2. An exhibitor may make only one entry in a class but may enter as many as two classes. Advance registration is required (see page 40). Registration will open on February 1, 2016 and remain open until either all classes are filled or February 15, 2017. Exhibitors will be notified if accepted or not, at the time of registration via e-mail. Exhibitors will then receive an entry form via postal mail after registration is accepted.
3. If forced to withdraw, an exhibitor must notify the division chairman and/or class consultant and find a substitute unless there is a waiting list for the class.
4. Each photograph must be the work of the exhibitor, under whose name it is registered. Mounting and printing may be done professionally.
5. Any editing at any stage must be the work of the exhibitor. This includes enhancement for color or clarity, removal of a part of the image, combining images, or distorting the original subject.
6. Photographs must be flush mounted on black foam core and may not be matted. The photograph is meant to be the same size as the foam core with no border. Overall dimension of entry must not exceed 50" in total perimeter measurement. Glass, framing and over-matting are not permitted.
7. Each entry must have the entry form affixed to the back of the photograph mounting with the exhibitor's name, garden club, email, address, phone number and class entered. The top of the photograph must be indicated.

8. An optional title of brief statement of intent may be included on the entry form and the entry card itself. The statement must not exceed 25 words and be typed or printed in black, waterproof, ball point pen.
9. Photos will be hung against a black background.
10. Photographs must be received no later than March 22, 2017. Send photographs to: Claire Mellinger, 4635 Mockernut Lane, Earlysville, Virginia 22936
11. All photographs will be passed by the photography committee to verify that class specifications have been met. If a photograph is not passed, the exhibitor will be notified and allowed, if time permits, to send a replacement photograph.
12. Only the photography committee may reclassify an entry, but only with the permission of the exhibitor.
13. While the Garden Club of Virginia, the sponsoring club and the site of the show will exercise due caution in safeguarding exhibits, responsibility for damage, loss or personal injury cannot be assumed.
14. If a photograph is to be returned, the exhibitor must provide a self-addressed return label envelope, and postage fee and packing material. Any award received will be noted on the back of the mount before it is returned. Use two 15"X19"bubble wrap envelopes. (Smaller envelopes are too tight to easily get images in and out with their various wrappings.) Please do not use boxes. Wrap your mounted image between two suitable pieces of foam core or non-bendable cardboard, which will be used for return. Place wrapped image and folded self-addressed return envelope inside the mailing envelope. Please include a \$12.00 check, payable to the Huntington Garden Club to cover postage and handling. Please do not enclose stamps, UPS labels, or postage meter strips. Alternatively, photos may be picked up at the close of the show. If return envelope and check are

not included and the entry is not retrieved at the end of the show, it will be assumed that the image will not be returned.
