

Lilies in Bloom 2018

Lilies in Bloom 2018 had a congenial atmosphere and a relaxed pace for volunteers and exhibitors. **Most** attendees multitasked, doing everything from exhibiting and judging to assisting in the workroom. It felt like a “laid back” 2-day Lily Convention, capped off when awards were revealed.

The response has been overwhelmingly positive from exhibitors and volunteers. The North American Lily Society President assisted throughout the entire show and was not only pleased with our show quality, but also very appreciative.
